NIAGARA TO GTA CORRIDOR
PLANNING AND EA STUDY– PHASE 1

PUBLIC INFORMATION CENTRE #3 – Comment Sheet

Thank you for taking the time to provide your feedback regarding the information presented at this Public Information Centre (PIC). Comments on the display material as well as the consideration of alternatives and their relative advantages and disadvantages, would be greatly appreciated. Please complete the following questions and feel free to include any additional remarks. *If you require more space, please attach additional paper to this form.*

PLEASE PRINT

1.) **Do you have any suggestions for additions, deletions or refinements to the alternatives identified for the following Groups?**

Group #1: Alternatives that Optimize the Existing Transportation Network

Group #2: New or Expanded Non-Road Infrastructure

Group #3: Widen Existing Roads / Highways

Group #4: New Transportation Corridors

2.) **Please compare the advantages and disadvantages of Group #3 and Group #4.**

(Please see over)

PUBLIC INFORMATION CENTRE #3 – Comment Sheet

3.) **Additional Comments**

Comments and information regarding this study are being collected to assist the MTO in meeting the requirements of the *Environmental Assessment Act*. This material will be maintained on file for use during the study and may be included in study documentation. With the exception of personal information, all comments will become part of the public record.
