

NIAGARA TO GTA CORRIDOR  
PLANNING AND EA STUDY– PHASE 1

**PUBLIC INFORMATION CENTRE #4 – Comment Sheet**

Thank you for taking the time to provide your feedback regarding the information presented at this Public Information Centre (PIC). Comments on the display material as well as the draft Transportation Development Strategy would be greatly appreciated. Please complete the following questions and feel free to include any additional remarks. *If you require more space, please attach additional paper to this form.*

**PLEASE PRINT**

1.) Do you agree with the study team’s recommendations in the draft Transportation Development Strategy? Please provide your views regarding each element of The Strategy.

**Optimize the Existing Transportation Network** (*bus bypass shoulders, incident/congestion management, ramp metering, HOV / Transit bypass lanes, speed harmonization, contraflow lanes / moveable barriers, and supporting TDM programs*)

---

---

---

---

---

---

---

---

---

---

**New or Expanded Non-Road Infrastructure** (*Hamilton-focused inter-regional transit, “western web” transit system, and supporting freight rail and marine goods movement*)

---

---

---

---

---

---

---

---

---

---

**Widen Existing Roads / Highways** (*highway realignments and strategic highway widenings*)

---

---

---

---

---

---

---

---

---

---

**New Transportation Corridors** (*between Highway 406 and QEW, between Highway 403 and Highway 407, and continue monitoring need for corridor planning*)
